**Description:**

***The Original Chris King Jackson Pictorial Map***

Scarce birdseye view map of Jackson Hole, extending from the ski hill and Teton Village at the top left to the town at the bottom right.

This is Chris King's first view. It was followed in 1983 by a similar smaller view of Jackson by King, which included a guide and advertising on the back side. This larger and earlier view was published separately.

The map artist, Chris King, also produced a view of Aspen.
