Description:

Rare original vintage pictorial map of the United States focusing on the extent of fishing in the United States.

The map shows the distribution of cold water, warm water, and mixed fish across the nation. Stars and circles show the locations where the world and American records were set for some fifty-two different types of fish. Pictorial information abounds through the map.

The fish paintings on the map were executed by Charles DeFeo, a noted wildlife and landscape painter. The map was sponsored by the Seagram Whisky producers.

States

The map is known in two states, one with the imprint in the lower left reading "S-72-11" and one without. This example and the example in the David Rumsey Collection possess the "S-72-11" imprint.

Detailed Condition:

Minor staining to top.
