Marvelous map of Switzerland, showing the 13 Cantons, by Johann Baptiste Homann, the patriarch of the most prolific German cartographic publishing house of the 18th Century.

The map is richly detailed, showing towns, rivers, lakes, mountains, political boundaries and other fine details. Excellent large title cartouche incorporates the coat of arms of the 13 cantons, 20 other regional coats of arms and several interesting mountain scenes and a scene in a typical Swiss Home. Tiny repair at centerfold, else a fine example, with a dark crisp impression.
