### Description:

Rare early railroad map of Nevada from Cram's 1886 *Standard American Railroad Atlas*.

Includes topographical detail, railroads, cities, Indian reservations, forts, post offices, and a host of other details. One of the best large format maps of Nevada to appear in a commercial atlas.

George Cram would become one of the most prolific atlas publishers of the 19th and early 20th centuries. However, his earliest maps, issued in the late 1860s, were marvelous separately issued railroad maps. His success led to the publication of two editions of his now impossibly rare *Standard American Atlas* in 1875 and 1879, which included a number of Cram's rare separately issued railroad maps. We have seen only one complete example of these two atlases on the market in the past 12 years.
