Stock#: 91992

Map Maker: Bremond - Michelot - French

Date: 1715 - 1726 circa

Place:

Color: (See Description)

Condition: VG

Size: 15×20 inches

Price: SOLD

Description:

Heavily Annotated With Manuscript Journal and Artwork by an Artistic English Sailor

Scarce complete set of early eighteenth century charts and three plates of ships, with attractive manuscript additions by an English sailor, Wildy French. The charts are of the Mediterranean and eastern Atlantic coasts, the first chart being titled 'Nouvelle carte des côtes de l'ocean contenant les côtes de Portugal et Barbarie... et les Isles de Canaries'.

The British Library holds four similar untitled sets of Mediterranean charts by Michelot and Bremond, Shirley noting that these also comprise sixteen charts and three plates of ships, as in our example.

The manuscript notes by French include a dramatic eye-witness account of the wreck of the ship Neptune on the Barbary coast on December 13, 1730. The account is embellished with a large watercolor of the event.

The author narrates events from the night of the shipwreck, death of the captain, rescue of most of the crew, engagement with enemy Turks and eventual return along the Thames, landing "at Bell Warfe Shadwell, April the 20th 1731."

The Wreck of ship Neptune Patrick Coppinger Master, which happnd: on the 13 Day of Decembr: 1730 on the coast of Barrbary 15 leag:s to the Eastwd. of Algier. Of which followes an Account of this unhappy accident; Being at an anchor in the Bay of Bingut we had little or no wind for the first part of the Forenoon at N. and NE, but very Black to Windward with much Thunder and Lightening, but seem'd to be at a great Distance with a great Swell from the Eastwar'd. At Noon we

had a Fresh gale of wind at ENE and continued so till abought 8 in the evening when on a sudden the wind shifted from the ENE to the NNE and Blowed a Storm. We got down our lower Yards a Portland and struck our Topmast abought half an Hour after 8 we shiped a Sea over the Forecastle which washed the Deal Yawel over Board. Stove in the bulk head of the steerage broke into the Great Cabbin, carried away most of our dead lights with our Starboard Quarter Gallery and a Boy over Board. At 9 we cutt away our Long boat from a starn she being allmost full of water.... Our mizen mast whent next which carried away some of our Larboard quarter it falling to windward. After which our Capt: was in the great Cabbin getting some pappers or money as we suppos'd heard him call out two or three time to one of his servants for God's Sake to help him, but by the violence of the Surf and the Ship breaking up no Body possible could come to his assistance. Likewise our Second mate fearing our Quater Deck should tumble in with him the Sea beating very much under it trusted to his Swiming, Shood hands with his Brother Officer the Chief Mate and whent into the weather main chains and jump'd over board but neither he nor the Capt: was heard of after...

Six sheets show coastal profiles (including Portland, Cadiz and Cape Trafalgar, east end of Majorca, Cape Croisett, and Messina), and views of Stromboli, and Vesuvius with Torre de Greco in the foreground.

delineauit et Sculpsit. Se vendent a Marseille, Chez Laurent Bremond Sur le Port, au coin. ca. 1720.

Lieutenant Wildy French

The first record of service for Lieutenant Wildy French (c. 1720-1791) was in January 1734/5. In April 1744 French passed his lieutenant's exam and would soon set sail on the *Dolphin*, an East Indiaman under Captain Charles Pigot that plied the Coromandel Coast of India to Madras from 1744-5. In 1753 he married a Mary Hewson.

French's log notes that in February 1744 he was transferred to a captured prize ship, the *Medways Prize*, then in Batavia Bay. French served on the *Medways Prize* until it was paid off at Deptford Dockyard in August 1749 and was sold the following year. It was fortunate that he changed ships - the *Dolphin* disappeared on the homeward leg of her second voyage to Madras in 1750, exact date and place unknown.

French's death was announced in *The Gentleman's Magazine: Obituary of considerable persons* of 1791, wherein he is described as the former commander of the Zebecque packet and the oldest lieutenant in the Royal Navy.

Detailed Condition:

Folio. Early 20th century half calf and marbled boards. 16 double-page charts engraved by P. Starckman and others, 3 double-page engraved plates (of ships and ship parts). One of the maps trimmed quite close to vertical margin (touching black border one edge), 9 of the charts and the plates laid down on thick paper with early ink annotations, watercolor illustrations and coastal profiles by Lieut. Wildy French. Early ink annotations on 2 of the maps.
