a bridge across the river, as well as naming several islands, rivers, meadows, etc. Many of the island and river contours have changed considerably since the time of the map.

The map was almost certainly drawn by Civil Engineer Henry Harding, who is best known for his work on the Union Pacific Railroad. The present map was acquired with an archive of nearly 100 of his maps and drawings, most of which relate to the Union Pacific.

Detailed Condition:

Pen and Ink on drafting linen.
