### Description:

Rare early map of the island of Guadeloupe, published in Jean Baptiste Du Tertre *Histoire generale des Antilles habitees par les Francois* . . .

Engraved by François de La Pointe, this is one of the earliest printed maps of the island.

Du Tertre was sent by the Dominicans as a missionary to the Antilles, where he stayed from 1640 until 1658. His book was described by Sabin as "One of the most valuable [works] we possess on the West Indies." The work is scarce, the final volume, issued in 1671 with additional maps, is very quite rare.
