**Color:** Outline Color  
**Condition:** VG+  
**Size:** 11.5 x 9 inches  
**Price:** SOLD

### Description:

Scarce map of the Western US, showing wonderful early transitional borders. Washington and Oregon extend to the Rocky Mountains, California is misconfigured, Utah & New Mexico include all of Arizona and Nevada, Nebraska and Northern Territory are in odd transitional states, predating the creation of the territories of Kansas and Dakota, and Indian Territory and Texas are also misconfigured. The map includes literally dozens of early Indian Tribal locations and other early anomalous features. An attractive map, published during a fascinating time in Western US Geo-political history.
