India proper or the Empire of the Great Mogul . . .

the Indus, are clearly outlined, serving as reminders of their crucial role in shaping the region's historical geography and their function as significant trade routes.

The map notably portrays the expanse of the Mogul empire, showcasing its influence and power during this period. This portrayal also points to the political transitions that were to come in the following decades, marked by the decline of the Mogul Empire and the rise of the British East India Company.
