Description:

The First Year of Clasen Road Maps

Rare early automobile road map of California and Nevada, published by the CMCo. (The Clasen Map Company).

This is a very early example of a Clasen road map. The maps can typically be dated by unique features in the legend (in this instance, "highly improved roads", as noted [on this Clasen Map Company link](#)).

The map identifies a number of the early named highways in California, including:

- Bankhead Highway (B.Hy)
