**Stock#:** 99906  
**Map Maker:** U.S. Geological Survey  
**Date:** 1968 (1981)  
**Place:** Washington, D.C.  
**Color:** Color  
**Condition:** VG+  
**Size:** 31 x 47 inches  
**Price:** \$ 1,200.00

### Description:

Fine large map of the area around Jackson Lake and the Snake River Valley, published by the United States Geological Survey.

The map extends to Jackson, Wyoming in the south to the area just south of Yellowstone Park.

The map provides a marvelous style of topographical shading.

This is one of the largest maps of the region published by the US Geological Survey.
