#### Description:

Striking example of Fielding Lucas' fine work, which distinguished him as the best publisher of the era. His maps are printed on a higher quality paper than contemporary maps by Carey & Lea and demonstrate a superior engraving quality and more attractive coloring style. The state is hand colored by counties, showing towns, rivers, roads, forts and other places of interest. Lucas' maps are highly desirable and increasingly scarce. A fine example of this highly desirable map, issued by one of the most important early American publishers, which are now virtually unobtainable in atlas form and rarely appear on the market in individual maps.
