Important early map of Oregon from the Surveyor General, Eugene City, July 20, 1866. The only other towns in the east are Dalles, Umatilla, Canyon City, Auburn, Granite City and Le Grande. Crater Lake is not yet shown. The map shows Gold Region, surveyed and unsurveyed regions and many other details. Minor fold splits, one with minor loss and a close lower left margin, as usual. Backed on linen. An essential map for Oregon collectors. Wheat 1154.
