**Description:**

Detailed regional map with several marvelous insets, including a Gothenburg city plan and a view of Bahus. Also includes a city plan of Wennerburg and a view of Marstrandt. Includes ornate cartouche and sailing ships. These deluxe regional maps by Homann, with one or more insets, are generally much scarcer than most other Homann maps and highly soughtafter. Reinforced fold split on verso, but overall a nice example, with good margins.
